

back bay ringers

performance space:

- minimum performance space is 12 feet deep and 36 feet wide
- space should be level and free from all obstructions
- please send a photo of the venue via e-mail if possible and confirm measurements with the executive director or equipment manager
- several table formations are possible, including two rows and a u-shape formation
- tables, foam, and table coverings will be provided by back bay ringers

sound:

- please provide one stand mic, to allow the director to speak in between selections. This should have the ability to be turned off during the selections.
- no amplification of the performers, unless absolutely necessary
- please provide an acoustical shell behind the performers when possible

lighting and electrical needs:

- the ensemble needs either ample overhead lighting or access to a standard plug to use our stand lights.
- house lights should be dimmed during performances when possible

other:

- please provide a table at the entrance of the house for bbr to display and sell recordings and publicity materials. Table coverings and displays will be provided by bbr.
